For the occasion of its 150th anniversary, the chair manufacturer Giroflex, known for high-quality ergonomic work chairs, and Karimoku New Standard, the Japanese brand for contemporary wood furniture, joined forces in a collaboration with design studio BIG-GAME to develop and conceive the work chair for our times combining the strengths of both manufacturers.

We warmly welcome you to join us as we introduce our exclusive wooden office chair that celebrates Giroflex's heritage, merging the beauty of Japanese traditional woodcraft with a contemporary twist that has culminated into an iconic classic, based on the timeless Swiss design of Giroflex.

日本の木製家具ブランド「カリモクニュースタANDARD」と創業150周年を迎える人間工学に基づいた高品質なワークチェアで知られる椅子メーカー「ジロフレックス」は、デザインスタジオ「BIG-GAME」の協力を得て、両メーカーの強みを組み合わせた現代向けのワークチェアを開発・構想しています。

タイムレスなスイスのデザインをベースにジロフレックスの伝統を受け継ぎ、日本の木工技術の美しさと現代的なアレンジを融合したアイコンックでクラシッくな木製オフィスチェアをご紹介します。
