KGT WALL UNIT

Design by Studio CP-RV

UTIL DEBUTS NOVELTY IN ITS NEW SHOWROOM IN LISBON

Lisbon-based design brand UTIL showcases its latest novelty at its new showroom in Lisbon. Designed by Studio CP-RV with the practicalities of everyday life in mind, the new product expands UTIL's collection of minimalist and functional storage furniture and has had its preview in their showroom in Lisbon.

KGT WALL UNIT is a cabinet with drawers. There are 4 options for you to use and combine: the smallest contains only 1 drawer and the largest 6 vertical drawers. The gap between each drawer offers visual lightness and highlights each unit individually. This is a reminder that each drawer can be removed and used on its own, switching from drawer to its original purpose - a storage box.

Originally designed to be just a stackable storage box, Studio CP-RV thought of a new design where the object turns into a piece of furniture. This unusual design thinking, where the part dictated the whole, led to a series of visually striking cabinets for you to make room at your office or home.

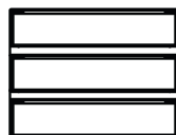

Available online with free shipping within the EU.

ABOUT UTIL

UTIL's understated yet unique furniture is designed to be helpful and subtle. Meaning 'useful' in Portuguese, UTIL develops storage solutions for the increasingly scarce living space in metropolitan areas, thus focusing each piece on its core function. Every piece of UTIL's collection is carefully thought-out from start to finish, easy to assemble and move around, blending in and adapting to life's ever-changing needs. UTIL's collection of minimalist and functional storage furniture encompasses the versatile and modular shelving system Plié, the Basso Trolley, the Hal coatrack, the JAK shoe rack, the KGT storage box as well as the latest addition KGT wall units. The entire UTIL collection is available via their own online shop. The novelties are now available to order.
